

Gina-Josephine Fischer

Summary

As a curious and detail-oriented software designer with a background in IT, design, and cultural studies, I have developed a strong interest in human-computer interaction and user-centered design.

EDUCATION

IT-University of Copenhagen — MSc Software Design

Copenhagen / August 2020 — February 2023

Politecnico di Milano — Erasmus exchange, Computer Science

Milan / February 2021 — August 2021

Københavns Erhvervsakademi— AP Multimedia Design

Copenhagen / February 2018 — February 2020

Københavns Universitet — Erasmus exchange, Media Studies

Copenhagen / August 2016 — January 2017

Humboldt-Universität— B.A. Cultural & Media Studies

Berlin / October 2014 — March 2018

EXPERIENCE

Ida Institute — Student Video Editor

Copenhagen / March 2019 — March 2020

- Producing ethnographic films for a global audience
- Through interviews, I collected data about person-centered care and produced videos showing real appointments between clinicians and their clients that are used as valuable teaching tools

Vice/Virtue — Internship

Copenhagen / August 2019 — December 2019

- Worked within UX: Research and experience design
- Personas, journey mapping, qualitative methods
